YEARBOOK STAFF

Chris helps Rachel

Dalisa is no fool

Everyone helps Rachel

Captured in one of their rare moments of being both still and together all at the same time are the members of the 1982 MINNEQUAN staff.
Bottom Row: Tami "EMILY" Woodward (the youngest member ever), Steve "BABY" Doud, Elise "THE MOUTH" Knowlden, Alicia "FRANKLY" Doud, Chris "IN CONTROL" Pfaff, Lutz "OUT OF CONTROL" Posse.
Second Row: Theresa "THE SAINT" Nybeck, Matt "AFSEER" Ward, Mark "THE PRO" Richart, Dalisa "SLINKY" Keltz, and the ever-serious "BOSS" McCaughey.
 Those moving too fast to be included in the picture were Rachel "HELPLESS" Ackley, Carol "THE GHOST" Jenelle, Paula "THE JOGGER" Warner, and last and certainly least Eric "NO-SHOW" Vermilya.

That's right — EMILY!

Rachel with no help!

THE BOSS

MINNEQUAN REMEMBERS

MR. JAMES F. ZEIGLER

Mr. Zeigler has spent 31 years helping students at C.H.S. grow and develop and prepare for the future. Both in the classroom and as guidance counselor he has helped shape many lives and careers.

The Minnequan staff would like to express the appreciation of the entire student body and staff of Canton High School to two teachers who are leaving us this year. We wish them well in all their future endeavors.

Mr. Walter has brought much humor and insight to his position as English Department Head and teacher for the past twelve years.

MR. THEODORE R. WALTER

FACULTY

MRS. NANCY ARIAS

† *Aspergillus fumigatus* (C. G. Overholser)

Figure 1. The effect of the initial concentration of the monomer on the polymerization of α -methylstyrene initiated by AIBN in CH_2Cl_2 at 60°C . The polymerization was carried out in a 100 ml. three-necked round-bottomed flask equipped with a magnetic stirrer, thermometer, and nitrogen inlet. The flask was cooled in an ice-water bath. The monomer and initiator were weighed into the flask, and the flask was sealed with a rubber septum. The flask was then placed in a water bath at 60°C and stirred for 24 h. The polymer was isolated by precipitation into methanol and dried under vacuum at 40°C for 24 h.

[illegible]

What I had heard about America was the same as though it had had any, interesting and unique things to see. I was a little disappointed that everything is so much bigger than in Germany.

The yearbook staff would like to wish Lute a most rewarding future in everything he does.

Lutz's school in Erlangen

Hey you!

Who me?

No, Hum

Kevin

Is a real good guy - remember all the good times on the TECH BUS. Had fun in the future with whatever or wherever you do. Keep on smiling (the sunshine good for your teeth) Remember simply Winterpel's history class (how could you forget) All the luck of the world be with you always.

~~1984~~

1984
TEACHER

for
family

Cometologists
do it with
style!

Theo,

I guess I will start out by saying
good luck in the future and the future
year you have left at chs or rather C.H.S
and stay as "cool as you are now"
as "Brownie" ^(smiles) would say. And don't forget
all the dumb things we did over the
summer, like that very boring horse
ride, you know: the one where just about
everybody went, and you and Doug got
lost ^{in the}!! Good luck with Shula A.
(no just kidding) or whoever else it may
be with. Remember up to the lake
when we came back ~~and~~ from the
beach and your grandma yelled
at us and said we had been talk-
ing all night long and we were only
there about 30 seconds, and when
we were going to move the "concho"
to the other side of the house ^(the land) so she
wouldn't hear us, but she wouldn't
let us. Well I have to be going
now because I am running out of room.
P.S. (Truckers do it all night long)

~~led~~
